Study programme CONSTRUCTION

Programme code 41582

Study level 1 st level Professional Higher education

Duration of studies 3 years

Study volume 120 credits (180 ECTS)

Previous education Secondary education or Secondary Professional education

Qualification Construction work manager Fourth level of professional qualification (4th LPQ)

(corresponds to the Latvian Qualifications Framework level 5 (5th LQR))

Continuation of education Latvia University of Life Sciences and Technologies

Faculty of Environment and Civil Engineering

Full-time study plan

Full-t	ime stud	ly plan					
				Plan			
Course title	СР	1st course		2nd course Study semester		3rd course	
		Part A General education study courses	21.0	6.0	5.0	3.0	3.0
Higher mathematics	5	2	3				
Psychology of business relationships	1	1					
Psychology of management	2					2	
Technical foreign language	5	1	1	1	1	1	
Economy, Entrepreneurship	2		1	1			
Ecology and environmental protection	2	-			1	1	
Freehand drawing	1	1					
Construction graphics	1	1					
General electrical engineering	1			1	1		
Civil Protection	1	12.0	12.0	150	1	160	7 0
Part B Study courses of the sector	69.0	13.0	13.0	15.0	7.0	16.0	5.0
Construction legislation	1	1		1			
Building Chemistry	1		1	1			
Building Physics	2		1	1		1	
Energy efficiency in buildings	1 -	2	2			1	
Construction Mechanics	5	3	2				
Building materials	2	1	1		1		
Spatial planning and improvement	1	1	1		1		
Building design (residential)	2	1	1	1	2		
Building design (public buildings)	3			1	2		
Renovation and reconstruction of buildings	2	1	1			2	
Geodesy	2	1	1	1			
Computer graphics (AutoCAD, Revit)	4	1	2	1			
BIM Foundation Course	2			2 2	1	1	
BIM in construction processes	8	1	1		2	1	1
Building structures		1	1	2		1	1
Engineering geology	1,5	1	0,5			2	1
Engineering networks Roads and bridges	3					2	1
Building economics, building costs	2					2	1
Quality assurance in construction	2			2			
Construction technologies	8	2	2	2	1	1	
Construction machinery	1,5	1	0,5		1	11	
Organisation and management of construction works	4	1	0,5			2	2
Labour protection	1					1	
Energy security for the construction site	1					1	
Innovation and research in construction	2		1	1		1	
Part C Free elective study courses	1.0		1	1.0			
Interior design	1.0	-	-	1.0	-	-	-
Business plan	1			1			
Internship	19.0	1.0	2.0	1.0	10.0		5.0
Introduction to construction processes on site	1	1	2.0	1.0	10.0	-	5.0
Laboratory work in building materials	1	1	1				
Geodesy practice	1		1				
Welding practice	1		1	1			
Internship in site supervision	2			1			2
BIM on site	3						3
Traineeships on construction sites	10				10		
Diploma project	10.0	-	-	-	-	-	10.0
Кора:	120	20	20	20	20	20	20
